This bbq pit is the perfect size offset firebox bbq pit smoker cooking for six to eight people. Folks that know what they are doing can produce good bbq on ANY kind of barbecue pit ... the difference is: "How EASY is it to do?" If you have to constant tend the fire to keep the temperature from wandering all over the place then it is not much fun. Tejas Smoker bbq pits hold temperature and that makes ALL the difference. Tejas Smokers bbq pits, Houston , Texas !
